My Epic STEM Project Charter

Every great project, from building a spaceship to winning a science fair, starts with a charter. Fill this out to become the Project Manager of your next big idea!

1 Project name & goal

Project name: _____

Our big goal: by the time this is done, we will _____

_____

2 The project team

Project Manager (keeps track of time and the plan) _____

Technical Lead (builds, codes, or runs the experiment) _____

Design & Quality Expert (makes it look good and tests it) _____

3 Project milestones

Break the big goal into three easy steps!

Step 1: The Start — materials we need _____ by _____

Step 2: The Middle — build and test our first version _____ by _____

Step 3: The Finish — final testing, presentation ready _____ by _____

4 If something goes wrong

What might break or not work?

_____

_____

What's our backup plan?

_____

_____

How do we know we won?

Check all that are true!

- [ ] It works without breaking!
- [ ] We finished before our final deadline!
- [ ] We stayed within our “budget” (or materials limit)!
- [ ] We had fun and worked as a team!
